SUMMARY

Product designer with 3+ years of experience and 100+ UI/UX projects. Turns complex requirements into intuitive web and mobile experiences, from client discovery and user flows to high-fidelity interfaces and interactive prototypes. Uses AI-assisted coding to bring designs into frontend implementation alongside developers.

WORK EXPERIENCE

Senior UI/UX Designer | Geeks of Kolachi | Oct 2024 - Present

Lead client discussions to understand product goals and requirements. Independently design solutions with stakeholders and developers, and present design decisions and team deliverables to clients.

Product Designer | Soft Nation Technologies | Feb 2024 - Oct 2024

Designed e-commerce experiences for the company's product portfolio, with a focus on lead generation and conversion. Created high-fidelity interfaces and interactive prototypes for product and marketing journeys.

UI/UX Designer | Bridgeway Digital | Sep 2023 - Feb 2024

Designed client and in-house products, translating requirements into clear interfaces. Presented design decisions and explained the intended outcomes of key interactions.

SELECTED DESIGN PROJECTS

Sandelia - Financial Management Platform | Belgium

Product Designer | Web & Mobile

Designed end-to-end UX for a live financial platform serving 500+ subscription-based users, covering onboarding, invoicing, purchases, banking, tax support, reporting and AI assistants. Simplified complex workflows with clear interfaces, motion and micro-interactions. In Phase 2, designed the complete mobile app and vibe-coded its frontend with the development team.

Medtrixo - Healthcare Recruitment Platform | Australia

Product Designer

Designed end-to-end UX for a live healthcare platform, spanning doctor onboarding, AI-assisted CVs, recruitment, career services and manager/admin portals. Created motion and micro-interactions, collaborated in daily developer standups and contributed to frontend implementation through AI-assisted coding.

SKILLS & TOOLS

Design: Product design, UI/UX design, user flows, wireframing, prototyping, design systems, web and mobile interfaces, e-commerce design

Design & Collaboration Tools: Figma, Figma Make, Adobe XD, Adobe Illustrator, Adobe Photoshop, Notion, Slack

AI & Development Tools: Git, GitHub, Antigravity, Claude. Use AI-assisted coding to implement my designs and test user flows firsthand, collaborating with developers.

EDUCATION

BS Software Engineering | Sindh Madressatul Islam University | 2021 - 2025

ACHIEVEMENTS & COMMUNITY

First place, UI/UX Designing competition at MAJU University. Graphic Lead at Notion SMIU University Community; created event visuals and hosted Notion Nexus activities. Completed 100+ UI/UX design projects.
